## *TULLY STATE HIGH SCHOOL STUDENT COUNCIL*

The Student Council set up a stall at the Tully Show last Friday. They ran their traditional banana stall selling smoothies, muffins and pancakes and ice cream. The stall was a huge success with the raising of money that goes back into the school. The Student Council would like to thank Sellars Bananas in particular Naomi for their donation of 5 boxes of bananas. The bananas were delicious as always and helped keep costs down so more of a profit could be made. Thank you to everyone who supported the stall and our **school's Student Council**.

## TULLY STATE HIGH SCHOOL WYANDOTTE CHICKEN STUD

Once again this year, the school chickens received awards at the Cairns and Tully Shows. In Cairns, the school received a prize for the champion cockerel and in Tully the prize for champion rooster in the Wyandotte class. The pullets also received first and second prizes at both shows.

The quiet achievers in the team spend most lunch hours handling the chickens and their efforts are rewarded on show day. Preparation of the chickens prior to exhibition requires patience and effort, resulting in an immaculately presented animal. The presentation of the chickens at both shows always receives favourable comment from the judges. Congratulations to the Chicken Show Team.

## Math Magic Land Teasers Competition

The answer to last teaser:

As the area of the square is  $64 \text{ cm}^2$ , the side of the square is  $\sqrt{64} = 8 \text{ cm}$ .

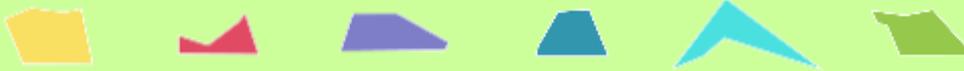

Clearly, the radius of the semicircle is the same as the length from the centre of the square's side on the diameter to an opposite corner. This length can be found using Pythagoras' Theorem, that is  $\sqrt{(8^2 + 4^2)} = \sqrt{80} \text{ cm}$ .

Then the area of the semicircle is  $\frac{1}{2} \pi r^2 = \frac{1}{2} \pi \times (\sqrt{80})^2 = 40\pi \text{ cm}^2$  or approx.  $125.66 \text{ cm}^2$ .

### This week's teaser:

There are six shapes shown below, five of which can be rotated and slotted together to make a big square.

Which shape isn't a part of the square?

# WORLD WAR 1

This week marks the hundredth anniversary of the start of World War One. The library has an excellent display of history books, stories from the front, biographies and pictorial collections marking this important historical moment. Students have enjoyed using the library over the last week and a half when we have been showing the Commonwealth Games at lunchtimes and before and after

school. Remember the library is open to all students, all breaks for 2 week borrowing of books – fiction and non-fiction. Daily newspapers (national, state and local) and a vast range of magazines are also available to students.

## SAFETY MESSAGE FROM TULLY SUGAR

On the commencement of the 2014 crushing season, cane will be hauled 24hrs per day, seven days a week, along the cane railway network. Over this period there will be an increasing presence of trains on the cane rail network. Tully Sugar asks that school communities be more alert when approaching our railway crossings.

A simple safety message for all of to bear in mind this **cane season: "play it safe, stay away from cane trains"**

This is an extract from a letter received from Tully Sugar to remind us all to remain safe around cane trains this cane crushing season.

## MEET MS MONIKA HUNTER-GIBSON

Hello.

My name is Monika Hutter-Gibson.

I was born in Germany and initially arrived in Tully as a young adult, where I subsequently had the opportunity to gain a range of experiences in the local industry. After leaving I completed a Graduate Diploma of Teaching in New Zealand, specializing in English and Modern Foreign Languages. I received a calling to the UK, where I have worked for the past 13 years, initially in Central London before moving to the home county of Hertfordshire, where I worked at the Nobel School in Stevenage for the last six years teaching German, French and Spanish. Late last year I was asked to return to Australia to be closer to my family, who live in the Tully district. I was lucky enough to gain a post to teach English, Social Sciences and to support young people becoming more proficient in their Literacy skills. I live at the beach and have recently joined the local Golf Club, where I hope to spend many happy hours in the pursuit to maintain my current handicap.

## MEET MISS ELYSE LITTLE

Hello,

My name is Elyse Little.

I have recently completed my Bachelor of Secondary Education, majoring in Drama and Geography, at Griffith University. I was born in Brisbane and have lived there my entire life. I decided to take this job opportunity in Tully due to my desire to explore other areas of Queensland and work within a rural Queensland school. I am currently teaching English, Drama, History and Media at Tully State High School and am thoroughly enjoying my time at this school.
