CONGRATULATIONS TULLY STATE HIGH SCHOOL STUDENTS

There have been some massive sporting achievements from numerous Tully SHS students across a number of sports in the last few weeks.

Congratulations to the following for gaining selection in Peninsula School Sporting teams;

Aiden Porter (Touch Football)

Tamzin Muriata (Touch Football and Rugby League)

Kellie Spicer (Touch Football)

Francesca Musumeci (Netball)

Jake Perkins (Golf)

Congratulations to Aimee Jones, Meg McNamara, Chelsea Helion, John Vasta and Brodie Giardina who attended State Touch Football Championships in Brisbane last week! Tully State High School also had 10 students attend Peninsula Touch Football trials in Cairns... **Well done!! Congratulations to the boys who travelled to Brisbane for State Rugby League Championships – finishing sixth overall with strong performances resulting in Jake Clifford and Mitipere Tuatai gaining selection in the QLD team to play in Wollongong in early July. Lastly well done to Thomas Flegler for a 'coaches award' worthy performance last Wednesday against U16 NSW team!**

NB: There are a number of opportunities for financial support for students selected in Regional/ State teams – please contact Mr Moore if you require further information.

Tully State High School acknowledges, values and pays respect to the first peoples on whose land we live, work and learn believing through education and reconciliation we walk together as partners toward a better future for all.

MALANDA CATTLE HANDLING SCHOOL

Recently the Cattle Show Team attended the annual Cattle Handling School in Malanda. The students were given instruction on the finer points of judging and ringcraft. The school is valuable preparation for the show circuit, particularly for the inexperienced students in the team.

This year, the team has a large number of naturally talented and highly motivated students who have already proved to be excellent cattle handlers. Once again, the students excelled in the parading and judging competitions, receiving many ribbons, including three first places for parading in the three age divisions and two first places in the stud and commercial judging sections. This is an impressive result, considering the fact that there were over ninety students participating over the weekend.

It is pleasing to witness the senior students mentoring the newcomers to the team. The junior students have benefited from their guidance and the senior students have demonstrated maturity, independence and leadership. It is the dedication of the students which makes it all happen in the show ring.

All students conducted themselves in an exceptional manner and are a credit to their parents and Tully State High School.

This year, the students will be exhibiting and judging at the Cairns and Tully shows and I am looking forward to working with such a responsible and capable group of students.

Thank you to Mrs Francesca Riding for being the chaperone at the handling school and to the Malanda Show Society for

organising such a wonderful learning experience for our students.

"It is not all about winning, it is about having the attitude to win."

Warren J Giffin

Agriculture Co-ordinator

WOMEN IN DEFENCE

Three representatives from the Australian Air Force, Army and Navy came to talk to interested girls from grade 10-12 about opportunities in the Defence Force. The students were interested to hear that over 200 career opportunities were available to them and about the benefits of a career in the military.

Avenues of entry into the Defence Force can vary depending on the type of job chosen. There is also a minimum standard of physical fitness that has to be achieved before being accepted into the forces.

BLOCK EXAMS YR. 11 & 12 GOOD LUCK

THINK PREPARE PLAN for life after school: Innisfail Workshop June 17th, 2015.

My Future: My Life is a ground-breaking initiative which encourages and supports Queensland secondary students with a disability to prepare and plan for their life after school. We do this by offering the following support options for students, their parents and carers, educators and disability professionals.

Workshops for parents, educators and disability professionals to build their knowledge and capacity to assist students to identify, capture, plan for and pursue their goals for life after school. To find a workshop in your area in 2015, see the dates and locations on the back of this flyer and to register go to the Events page at www.myfuturemylife.com.au

Transition Preparation Support for secondary students with disability from Years 7 – 12 (and their parents) to identify their strengths, interests and capacities and to use these to guide their planning for life after school through dedicated Transition Preparation Sessions. Families will get the most benefit from Transition Preparation Support if they have attended a Workshop.

Financial Assistance for students with a disability in years 11 and 12 (or year 10 in some rural and remote locations) to purchase resources needed to pursue their goals for life after school.
