JAMES COOK UNI EXPERIENCE

Thirty two eager and enthusiastic grade 12 students set off to Townsville on Monday 13th July for the James Cook University Experience. Once the students had settled into their rooms at John Flynn College, it was off to the auditorium for a session on the different support services JCU can offer students.

The students had the opportunity to attend various lectures and discover what university life is like. The grade 12's found it very rewarding and some were able to confirm what future pathway they may take and for some the experience opened their mindset to other careers they may not have previously thought of.

A massive thank you goes out to the grade 12's for their behaviour over the two days and to Ms Bevan for all of her assistance; it was greatly appreciated.

Over the next couple of months, grade 12 students will have the opportunity to discuss their QTAC preferences. QTAC applications open on the 4th August and close on the 30th September. A QTAC night will be organised later in the term.

Career Information

Term 3 is a busy time in regards to career planning.

Information from Department of Employment (www.employment.gov.au/australian-regional-and-industry-employment-surveys) provides the following information:

It is critical for senior secondary students to plan their career pathways and have processes in place to achieve their desired outcomes.

There are a number of fully SHS organised events this term:

July 29th Fully Open Night - subject information

August 05 Skills Day Out - Fully Showgrounds

August 21 Year 10 SET Plan interviews

Other Career Events you may be interested in:

August 10 Townsville Careers Expo

August 23 JCU Open Day - Cairns Campus

August 30 JCU Open Day - Townsville Campus

Sept 04 Lavarack Barracks Student Open Day

As information is provided to the school it is displayed on noticeboards (A 16 and Senior Precinct).

Senior students are encouraged to check the noticeboards regularly.

FROM THE MATHS DEPARTMENT

Maths Quiz

WEEK 1 ANSWER:

From the question, write the equation: $3(x+100000) = 10x+1$

When solved we find the number is 42857.

WEEK 2 QUIZ:

How can you add eight 8's to get the number 1,000? (only using addition).

Promoting the survey to parents

The annual *School Opinion Survey* will be conducted between 29 June and 31 July 2015. All families, school staff and a random sample of students will be invited to participate. We encourage you to take this opportunity to have your say about what this school does well, and how this school can improve.

Access details for the *Parent/Caregiver Survey* will be sent home with students' Report Cards.

Parents/caregivers are welcome to complete their survey online at the school, and school computers will be available at the school library.
