TAFE at School
Course Guide

Far North Queensland
North Queensland

Get Career Ready at high school with TAFE at School

If you're a Year 10, 11 or 12 student you may be able to complete a TAFE Queensland qualification while you're still at school. Choose from a variety of certificate I to diploma courses from a range of study areas from construction to community services, hospitality to health care and everything in between.

How to apply

To submit an application for a TAFE at School course, visit **tafeapply.com**

You'll need the application code for the course in the location you want to apply for. You will also need your Learner Unique Identifier (LUI) and Unique Student Identifier (USI) numbers. If you don't have a USI yet, head to **www.usi.gov.au** to get one.

Applications open 17 August 2026.

Study areas

Whether you dream of a career in Nursing, Hospitality, Beauty, Education or a trade, TAFE Queensland has the course options to kick-start your career.

Trades 14

- Electrotechnology
- Plumbing
- Automotive
- Automotive Electrical
- Engineering
- Construction
- Furniture Making

Resources and Infrastructure 19

Environment 22

- Rural Operations
- Aquaculture

Services Industries 24

- Cookery
- Hospitality
- Beauty
- Hairdressing
- Tourism

Health 28

- Health Support Services

Aboriginal and Torres Strait Islander Programs 30

- Community-based teacher education program
- Cultural Arts

The information contained in this guide is correct at time of printing, April 2026. For the most up-to-date information please refer to our website at tafeqld.edu.au. In many areas of Australia it is considered offensive to publish photographs of Aboriginal and Torres Strait Islander people who are deceased. Readers are warned that this publication may inadvertently contain such photographs

Our locations

Step into our purpose-built facilities where you will learn hands-on using the same tools and equipment used in industry. Put your theory into practice straight away in our clinical labs, salons, training restaurants, creative spaces, and trades workshops. Develop your skills, ability, and confidence and gain the practical experience you need to graduate job ready.

For more information visit **tafeqld.edu.au/facilities**

Refer to the back cover of this brochure for campus addresses. For detailed maps of each campus, visit **tafeqld.edu.au/locations**

Getting to campus

Our campuses are accessible by both private and public transport, with full details available on individual campus pages on our website at **tafeqld.edu.au/locations**

If you are a full-time student, you may be eligible for a student discount on public transport. For more information or to plan your travel call **13 12 30** or visit **translink.com.au**

Studying at TAFE

Why study at TAFE Queensland?

TAFE Queensland is the largest, most experienced training provider in the state, with a history of serving Queensland's communities for more than 140 years. We offer more than 400 practical, industry-relevant courses from entry-level certificates to bachelor degrees. Our training is delivered to over 139,000 students each year across more than 60 locations in Queensland.

In 2024-25 we trained

139,000 students

100%
of our diploma and higher-level courses have diploma-to-degree pathways

We have an
89% student satisfaction rating
(and we're working very hard on the other 11%)

We have a
93.1% employer satisfaction rating

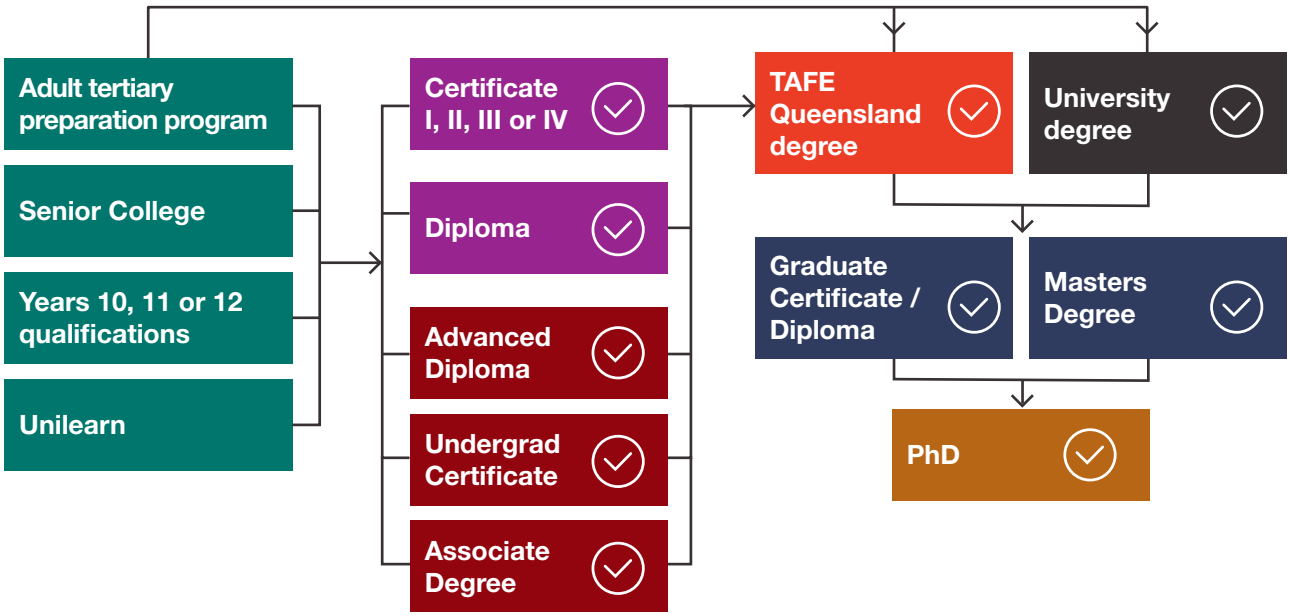
Every $1 spent
by TAFE Queensland supports
$2.55 of added-value
in the Queensland economy

Over 60
locations

Over 84%
of our graduates go on to work or further study

Pathways to your future

TAFE Queensland has a range of pathway options that can get you started on your university degree sooner. If you didn't finish Year 12, complete the required prerequisites, or get the ATAR you needed, TAFE Queensland can help you get into your preferred university degree.



Our partner universities and higher education providers

There's more than one way to get into your dream university degree. TAFE Queensland has a range of pathway options and partners that can get you started on your university degree sooner.

QUT

UniSQ
Charles Sturt University

Information for parents

It's tough being a teenager in their final years of school, trying to decide what to do with the rest of their lives. The pressure's on as early as Year 10 and it feels like results and choices will make or break their future.
It can be tough for parents too. Knowing when to intervene or when to take a step back seems impossible at times. But your behind-the-scenes role is crucial to their success.

About vocational education and training

University is not for everyone. Vocational training is not for everyone. Education is for everyone.

Most careers need some form of education and training. But they don't all require a university degree. There are a variety of reasons your child or students should consider vocational education and training (VET). Perhaps they want to enter a trade, test out an industry, gain Queensland Certificate of Education (QCE) credits, or maybe they just need to improve or contribute towards their Australian Tertiary Admission Rank (ATAR).

Why TAFE Queensland

Not everyone learns in the same way or at the same pace. At TAFE Queensland there are as many options as there are individuals with pathway options to suit your child's needs and help them kick start their career.

For more information visit **tafeqld.edu.au/parents**.

Busting VET myths

There are a number of common misconceptions about vocational education and training (VET) in Australia. The following myths highlight how perceptions differ from current reality.

MYTH: VET and TAFE are outdated and no longer relevant.

FACT: Modern VET is industry-led, with up-to-date facilities, teachers and courses aligned to today's jobs.

VET training is delivered in contemporary, purpose-built facilities using equipment and technology found in industry. Teachers maintain current industry experience, and courses are regularly updated and designed to be shorter and more flexible to meet workforce needs.

MYTH: University graduates find work more easily than VET graduates.

FACT: VET graduates have strong employment outcomes and are often job-ready sooner.

VET focuses on practical training for in-demand occupations experiencing skill shortages. Apprentices, trainees and graduates benefit from real-world experience that employers value, supporting high employment levels soon after completion.

MYTH: VET graduates earn less than university graduates.

FACT: VET graduates can earn similar wages to, or more than, university graduates.

Many VET pathways lead to occupations with competitive starting salaries, particularly in trades, healthcare and technical industries. VET students can also earn while they learn, gaining income and experience during their training.

MYTH: VET only leads to limited or short-term jobs.

FACT: VET prepares people for practical, future-focused careers.

VET provides skills for industries essential to Australia's future economy, including construction, renewables, healthcare, cyber security, services and small business. Practical, adaptable training supports long-term employability in a changing world of work.

Information for schools

Designed to deliver practical, workplace-specific skills and knowledge, VET covers a wide range of careers and industries. If you find that your students struggle in a traditional classroom, or if they're tactile learners, VET may be where they will really shine.

How TAFE Queensland can help

With more than 400 nationally-recognised qualifications from entry-level certificates to bachelor degrees, studying at TAFE Queensland gives your students access to multiple pathways to get a head start on their careers.

They will learn in industry-standard facilities, have access to a range of student support services, be able to take advantage of a wide range of university pathway options, and so much more.

For more information visit **tafeqld.edu.au/advisors**.

Partnership with schools program

TAFE Queensland's Partnership with Schools Program means school teachers can deliver training to their students at their own school. TAFE Queensland provides the school with mentor support, learning and assessment resources, and advice on training delivery and student assessment to ensure the delivery of the highest standard of industry-relevant training.

Even though students are completing their training at school, they are enrolled with TAFE Queensland and are issued with a TAFE Queensland qualification on completion of their studies.

To discuss a customised partnership arrangement for your school, please contact your local TAFE at School team.

Training for school teachers

TAFE Queensland offers low-cost training for school teachers with relevant industry experience so they can deliver VET programs at their school.

Teachers can train in certificate I and II courses relevant to the delivery of TAFE at School courses, as well as higher level qualifications for teachers who want to broaden their skills.

Teachers with existing industry-related experience may be eligible for Recognition of Prior Learning (RPL) to earn a full or partial qualification, with gap training available.

IVET online portal

TAFE Queensland has partnered with IVET to deliver greater timetable and delivery flexibility for teachers. IVET provides an online portal that enables teachers to have instant access to student progress, course information, digital resources, classroom management, PD logging, compliance, teacher qualification management, and more.

IVET currently facilitates a selection of TAFE at School courses across a range of study areas, and more will be added as development continues.

Teacher aide training

TAFE Queensland also provides nationally-recognised training for teacher aides. Our strong relationships with schools means we can provide opportunities for your staff to gain knowledge and skills across a wide variety of workplace settings.

For more information visit **tafeqld.edu.au/education-support** or contact us today.

Contact us

For more information please contact your local TAFE at School team on **north.schools@tafeqld.edu.au**

Important information

Term dates 2027

TAFE Queensland term dates align with Queensland school terms to fit with your senior studies.

		QUEENSLAND SCHOOLS	TAFE QUEENSLAND
TERM 1	START	Wednesday 27 January	Monday 8 February
	FINISH	Friday 26 March	Thursday 25 March
TERM 2	START	Monday 12 April	Monday 12 April
	FINISH	Friday 25 June	Friday 25 June
TERM 3	START	Monday 12 July	Monday 12 July
	FINISH	Friday 17 September	Friday 17 September
TERM 4	START	Tuesday 5 October	Tuesday 5 October
	FINISH	Friday 10 December	Friday 5 November

Student support

Everyone's journey is different and sometimes you need some extra support to achieve your study goals. We're here to help. At TAFE Queensland our student support services are available for all of our students, making your learning experience just that little bit easier.

Learn more at **tafeqld.edu.au/studentsupport**.

If you are a TAFE at School student, your regular school support programs are also responsible for ensuring you receive appropriate levels of support while at TAFE. It is expected that if your school normally provides you with a participation assistant or similar for day-to-day learning or personal support, then they also provide this support when you attend your TAFE at School course.

Cost and payment options

Costs vary from course-to-course and you can check our website for the most up-to-date prices. You may be eligible for a range of fee-free TAFE at School courses. In addition to paying for full fees for courses upfront, as a TAFE Queensland student there are a range of subsidies, concessions and loans you may be eligible for to assist you with the cost of your study and training.

For more information and eligibility requirements, please visit **dtet.qld.gov.au/training/providers/funded/vetis**. Eligible students are entitled to one government funded program only.

Payment plans may also be available to assist with payment of your course; however if you're under 18 you will need a guarantor. Applications will be subject to credit checks.

For information about our withdrawal and refund policy, please visit the TAFE Queensland website: **tafeqld.edu.au/policies**.

How to apply

To submit an application for a TAFE at School course, visit **www.tafeapply.com**

You'll need the application code for the course in the location you want to apply for. These can be found at the back of this guide. You will also need your Learner Unique Identifier (LUI) and Unique Student Identifier (USI) numbers. If you don't have a USI yet, head to **www.usi.gov.au** to get one.

TAFE at School

Benefits of TAFE at School

- Fits around your senior studies
- Get valuable Queensland Certificate of Education (QCE) credits
- May contribute to your Australian Tertiary Admissions Rank (ATAR)
- Direct entry to any related TAFE Queensland course
- Open up a variety of university pathways
- Gain credits towards an apprenticeship, diploma or university studies
- Build practical skills in an adult learning environment
- Get work ready

Flexible study options

TAFE Queensland offers flexible study options so you can gain a VET qualification while you're still at school in a way that best suits you.

On campus

TAFE Queensland offers some of the best training facilities in the state, with advanced, industry-standard workspaces and classrooms. All training is delivered in an adult learning environment so you'll get a taste of what it's like to study in a higher education setting. You'll also learn from our highly-qualified teachers and benefit from their vast experience.

At school

Many Queensland schools have partnered with TAFE Queensland to deliver vocational qualifications. School teachers are given specific training so they are qualified to deliver TAFE Queensland courses. Even if you undertake your training at school, you will still receive a TAFE Queensland qualification when you complete your course.

Industry experience

Some TAFE at School courses require you to complete work placements, or in some instances to work in the industry. This gives you the opportunity to build your skills and confidence dealing with real-life situations. Work placement requirements should be discussed with your teacher prior to commencement of study.

Year 10 Career Tasters

TAFE Queensland's Career Tasters program is the perfect opportunity for Year 10 students to explore exciting career pathways in a fun, hands-on environment. The program includes interactive activities, industry insights and practical sessions - giving students a real-world look at potential careers.

School-based apprenticeship or traineeship

TAFE Queensland offers both school-based apprenticeships and traineeships, which get you work-ready and a step ahead of your peers.

Becoming a school-based apprentice or trainee gives you skills in a vocation or trade and allows you to earn money while you're still at school. A school-based apprenticeship or traineeship also contributes credits towards your Queensland Certificate of Education (QCE).

After selecting the industry you are interested in and talking with your school and parents/guardians, your next step is to secure employment as an apprentice or trainee. An employer can be found through family and friends, by directly contacting employers and group training organisations, or by applying for advertised jobs.

Once you have secured an apprenticeship or traineeship, just let your employer know you want to study with us.

School-based apprentices and trainees do not pay fees for training at TAFE Queensland, this is funded by the Queensland Government; however you may need to pay some costs for tools and compulsory personal protective equipment, which we will outline upon enrolment. When you become a full-time apprentice or trainee after completing Year 12, you may be eligible for fee-free training for the remainder of your apprenticeship.

For more information about school-based apprenticeships or traineeships call **1800 210 210** or visit **dtet.qld.gov.au/training**.

Enrolment into TAFE at School courses is subject to eligibility requirements. Talk to your VET coordinator or guidance counsellor, or visit our website for more information.

Post-school options

Become an apprentice or trainee

Learn hands on with the same equipment and tools used in industry, combining working for an employer and studying at TAFE Queensland, and graduate with a nationally-recognised qualification.

Applying for an apprenticeship or traineeship is very similar to applying for any other job. You need to have a current resume that lists your education, interests and referees. Studying a TAFE at School pre-apprenticeship course can boost your chances of landing your dream job by demonstrating to a potential employer that you're actively interested in their industry.

The first step is to visit an Apprenticeship Network Provider (ANP) to help connect you with an employer. Once you have secured your apprenticeship, talk to your employer about choosing TAFE Queensland as your training provider. Your employer will sort out the formalities of your training contract directly with TAFE Queensland.

For more information visit **tafeqld.edu.au/apprentices**.

Apply for a TAFE Queensland certificate or diploma

After successfully completing a TAFE at School course/s you may be eligible for direct entry into any related TAFE Queensland diploma.

It's as simple as getting in contact with us and letting us know which course you want to study.

Check out our website to see our full range of courses, from certificates through to diplomas and degrees at **tafeqld.edu.au/courses**.

Get ready for university

If you need to complete additional prerequisites for university during or after high school, Unilearn is the perfect option. You can study a range of subjects from maths and science to senior English.

With the ability to study online and after hours, you can easily add a Unilearn subject or two to your senior schooling years. Unilearn subjects can also provide additional Queensland Certificate of Education (QCE) credit points.

Alternatively if you want to increase your tertiary admissions rank, our Adult Tertiary Preparation (ATP) course can help you achieve your goals.

For more information visit **tafeqld.edu.au/atp**.

Go to university

There's more than one way to get into your dream university course. Successfully completing a diploma at TAFE Queensland can help secure you a place in a bachelor degree through our partnerships with local universities.

Many of our diploma courses have formal articulation arrangements with some of Australia's top universities. In those cases, you can enter your university degree straight into second year, meaning you will receive a diploma and a degree in the same amount of time it usually takes to complete a degree on its own.

For more information visit **tafeqld.edu.au/pathways**.

Refer to page 10 of this guide for more information.

QCE CREDITS
4 credits

Due to duplication of new learning, some students may not receive the maximum available 4 QCE credits.

Kick start your career in the electrotechnology industry and use your skills to seek an apprenticeship in a range of electrical trade areas. Learn how to safely undertake basic electrotechnology work and solve problems in extra-low voltage single-path and multiple-path DC circuits. Learn about environmentally sustainable work practices and the use of materials, tools and components for electrical work. This course covers the Construction Industry White Card training – an industry requirement to work on Queensland construction sites, a CPR certificate, and all units needed for Stage 1A of an electrical apprenticeship.

Certificate II in Electrotechnology

(CAREER START)
COURSE CODE: UEE22020^

☑ VETiS FUNDED*

Students will be required to meet high language, literacy and numeracy (LLN) standards to gain entry into this program. A LLN assessment will be required at the time of application.

Core units	
CPCCWHS1001	Prepare to work safely in the construction industry
UEECD0007	Apply work health and safety regulations, codes and practices in the workplace
UEECD0009	Carry out routine work activities in an energy sector environment
UEECD0021	Identify and select components, accessories and materials for energy sector work activities
UEECD0038	Provide solutions and report on routine electrotechnology problems
UEECD0046	Solve problems in single path circuits
UEECD0052	Use routine equipment/plant/technologies in an energy sector environment
UEERE0021	Provide basic sustainable energy solutions for energy reduction in residential premises
UEERE0087	Provide basic sustainable energy solutions for energy management in residential premises

Elective units	
UEECD0008	Carry out preparatory energy sector work activities
UEECD0019	Fabricate, assemble and dismantle utilities industry components
UEECD0033	Produce products for carrying out energy sector work activities

Pathway options	Career outcomes
Certificate II in Electrotechnology (Career Start) UEE22020	Enhanced opportunity to gain apprenticeship

Apprenticeship only	Career outcomes
Certificate III in Electrotechnology (Electrician) UEE30820	General electrician, electronics and communications tradesperson, electrical instrumentation tradesperson, air-conditioning and refrigeration, electrical fitter
Certificate III in Air-conditioning and Refrigeration UEE32225	

Post-trade study	Career outcomes
Certificate IV in Hazardous Areas – Electrical UEE42622	Electrical fitter, electrician – special class, installation technician, industrial automation and control technician, electrical instrumentation tradesperson
Certificate IV in Industrial Automation and Control UEE43225	
Certificate IV in Electrical – Instrumentation UEE40420	
Diploma of Electronics and Communications Engineering UEE50520	Technical officer specialising in electrical, engineering, instrumentation and control, electronics and communications, or refrigeration and airconditioning
Diploma of Air-conditioning and Refrigeration Engineering UEE51225	

^Qualification is currently in transition. Course code subject to change.

Certificate II in Plumbing Services

COURSE CODE: 11054NAT

Students must undertake 80 hours of mandatory vocational placement to gain work experience in a plumbing workplace environment.

☑ VETiS FUNDED*

Core units	
CPCPCM2043	Carry out WHS requirements
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
CPCCWHS1001	Prepare to work safely in the construction industry
ASBAWA201	Asbestos awareness in the construction industry
CPCPCM2046	Use plumbing hand and power tools
CPCPCM2039	Carry out interactive workplace communication
CPCPCM2045	Handle and store plumbing materials
CPCPCM2041	Work effectively in the plumbing services sector
CPCPCM2048	Cut and join sheet metal
CPCCCM2012	Work safely at heights
CPCCCM2008	Erect and dismantle restricted height scaffolding
CPCPCM2055	Work safely on roofs
CPCPCM2047	Carry out levelling
HLTAID011	Provide first aid
CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCOM1013	Plan and organise work

Elective units	
CPCCOM1015	Carry out measurements and calculations
CPCPCM2054	Carry out concreting and rendering

Pathway options	Career outcomes
Certificate II in Plumbing Services 11054NAT	Plumbing trade assistant/worker
Apprenticeship only	**Career outcomes**
Certificate III in Plumbing CPC32420	Plumber, roof plumber, gas fitter, plumber (mechanical)
Certificate III in Roof Plumbing CPC32620	
Certificate III in Gas Fitting CPC32720	
Post-trade study	**Career outcomes**
Certificate IV in Plumbing and Services CPC40920	Plumbing contractor, fire services supervisor, specialist hydraulic designer, site supervisor – low rise, building estimator
Certificate IV in Building and Construction (Building) CPC40120

QCE CREDITS
4 credits

Kick start your career in the automotive industry with this foundation course. Gain basic skills in electrical, marine and mechanical components and systems. Learn how to use appropriate tools and equipment to complete basic removal, inspection and refitting of automotive components. Use this training as a pathway to an apprenticeship.

Certificate II in Automotive Vocational Preparation

COURSE CODE: AUR20720

☑ VETiS FUNDED*

Core units	
AURAEA002	Follow environmental and sustainability best practice in an automotive workplace
AURAFA103	Communicate effectively in an automotive workplace
AURAFA104	Resolve routine problems in an automotive workplace
AURASA102	Follow safe working practices in an automotive workplace
AURETR103	Identify automotive electrical systems and components
AURLTA101	Identify automotive mechanical systems and components
AURTTK102	Use and maintain tools and equipment in an automotive workplace

Elective units**	
AURETK001	Identify, select and use low voltage electrical test equipment
AURETR115	Inspect, test and service batteries
AURTTA003	Use and maintain basic mechanical measuring devices
AURTTE003	Remove and tag engine system components
AURTTE007	Dismantle and assemble single cylinder four-stroke petrol engines

Pathway options

Certificate II in Automotive Vocational Preparation AUR20720

Apprenticeship Only

Certificate III in Automotive Electrical Technology AUR30320

Certificate III in Marine Mechanical Technology AUR30520

Certificate III in Light Vehicle Mechanical Technology AUR30620

Certificate III in Heavy Commercial Vehicle Mechanical Technology AUR31120

Certificate III in Mobile Plant Technology AUR31220

Certificate III in Automotive Sales AUR31020

Certificate III in Motorcycle Mechanical Technology AUR30820

Certificate III in Outdoor Power Equipment AUR30720

Post-trade study

Certificate IV in Automotive Mechanical Diagnosis AUR40216

Career outcomes

Trades assistant, vehicle service assistant, automotive service assistant, trainee service person, automotive trainee

Automotive electrician, automotive air-conditioning fitter, automotive electrical fitter, automotive manufacturing technician, automotive mechanic, automotive parts interpreter, diesel fitter, vehicle body builder

** Electives studied will be dependent on location. (Total of 5 electives will be delivered).

Certificate II in Automotive Electrical Technology

COURSE CODE: AUR20420

☑ VETiS FUNDED*

Core units	
AURAEA002	Follow environmental and sustainability best practice in an automotive workplace
AURASA102	Follow safe working practices in an automotive workplace
AURETK002	Use and maintain electrical test equipment in an automotive workplace
AURETR006	Solder electrical wiring and circuits
AURETR007	Apply knowledge of automotive electrical circuits and wiring systems
AURETR008	Remove and replace electrical units and assemblies
AURETR009	Install vehicle lighting and wiring systems
AURETR011	Install basic ancillary electrical systems and components
AURETR112	Test and repair basic electrical circuits
AURETR115	Inspect, test and service batteries

Elective units	
AURAFA103	Communicate effectively in an automotive workplace
AURATA001	Identify basic automotive faults using troubleshooting processes
AURETK001	Identify, select and use low voltage electrical test equipment
AURETR013	Inspect, test and service charging systems
AURETR014	Inspect, test and service starting systems
AURETR116	Read and apply vehicle wiring schematics and drawings

Pathway options	Career outcomes
Certificate II in Automotive Electrical Technology AUR20420	Automotive trade assistant, vehicle service assistant

This course will introduce you to the engineering trade and provide you with basic skills to operate tools and equipment to produce and modify objects. Gain basic welding skills, communication skills and use this training as a pathway to an apprenticeship in a variety of engineering fields, such as sheet metal, fabrication and diesel fitting.

Certificate II in Engineering Pathways

COURSE CODE: MEM20422

☑ VETiS FUNDED*

Core units	
MEM13015	Work safely and effectively in manufacturing and engineering
MEMPE005	Develop a career plan for the engineering and manufacturing industries
MSMENV272	Participate in environmentally sustainable work practices
MEMPE006	Undertake a basic engineering project

Elective units**	
MEM18001	Use hand tools
MEM18002	Use power tools/hand held operations
MEMPE002	Use electric welding machines
MEMPE004	Use fabrication equipment
MEMPE007	Pull apart and re-assemble engineering mechanisms
MEMPE003	Use oxy-acetylene and soldering equipment
MSMSUP106	Work in a team
MEM16008	Interact with computing technology
MEM16006	Organise and communicate information
MEM11011	Undertake manual handling

Pathway options	Career outcomes
Certificate II in Engineering Pathways MEM20422	Trade assistant/worker in diesel mechanical, metal fabrication, machining, or fitting and turning

4 credits

Get a head start on your maritime career with this entry-level course. Gain skills to operate a commercial vessel up to 12m long. Learn how to maintain auxiliary marine engine systems, plan and navigate a passage and operate inboard and outboard motors.

Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal)

COURSE CODE: MAR20324

☑ VETiS FUNDED*

Core units	
HLTAID011	Provide first aid
MARB027	Perform basic servicing and maintenance of main propulsion unit and auxiliary systems
MARC037	Operate inboard and outboard motors
MARC038	Operate main propulsion unit and auxiliary systems
MARF028	Follow procedures to minimise and fight fires on board a vessel
MARF029	Meet work health and safety requirements
MARF030	Survive at sea using survival craft
MARF060	Apply basic survival skills in the event of vessel abandonment
MARH013	Plan and navigate a passage for a vessel up to 12 metres
MARI003	Comply with regulations to ensure safe operation of a vessel up to 12 metres
MARJ006	Follow environmental work practices
MARK007	Handle a vessel up to 12 metres
MARN008	Apply seamanship skills aboard a vessel up to 12 metres

The Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal) MAR20324 qualification is issued by TAFE Queensland and will be awarded at the completion of successful study. However in order to actually 'work' on a commercial vessel, students must obtain a Certificate of Competency from the Australian Maritime Safety Authority (AMSA).

Please note this Certificate of Competency is optional and only required if you wish to work in the maritime industry and it is the responsibility of the student as there are a number of components related to the application.

This application must be submitted to AMSA within 12 months of the issue date on your AMSA Mandated Practical Assessment (AMPA) issued by TAFE Queensland at the completion of successful studies. Additional information will be provided on application.

Pathway options	Career outcomes
