TULLY STATE HIGH SCHOOL

QParents - How to register

1. Access QParents on your phone or computer
Use the following link to reach the QParents landing page.
https://qparents.qld.edu.au/landing
Select "create your account" to move to step 2.
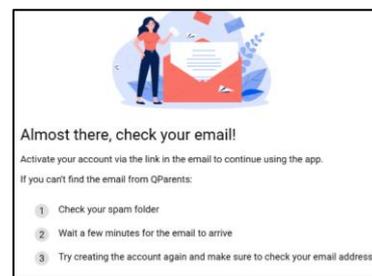

2. Enter Invitation Code
The next step requires you to add your invitation code. This code
has been automatically sent to all families. If you cannot locate
this code, you can contact the school via phone on (07) 4068 4555
or email at info@tullyshs.eq.edu.au You can also
skip by selecting the "skip invitation code".

SKIP INVITATION CODE

3. Create and activate your account
If you select "skip invitation code" you will be required to create and activate
your account. In this process, you will need to search Tully State High School and
create a username with your email address, add a mobile number and create a
password. You will also be required to accept the terms and conditions for use of
QParents. Please be aware that your email and mobile number will be used in the
activation of your account.

4. Verify your identity
After creating your account or entering your invitation code, you will be required to verify your identity by
completing an online 100 point identification check. This involves using documents including Australian
Passport, drivers license, birth or marriage certificate or Medicare card to confirm your identity.

5. Add your child
The final step, can be done either online with the link above or using the QParents app. You will need to
request access to view your child's information. You will need to know your child's EQ ID to do this. You can
find the EQ ID on your child's ID card, report cards, OneSchool or school invoices. It consists of 10 numbers
and one letter. The school can also provide this number if needed. After completing these steps, your
request to create a QParents account will be sent to your child's school for final approval.

Why do you need a QParents Account?

QParents allows parents to connect instantly with their child's school to access and manage their child's
student information, including:

- **Attendance and absence details, as well as the ability to notify the school of an absence**
- **Behaviour information**
- **Academic report cards**
- **Providing consent for excursions and online services**
- **Viewing unpaid invoice details, payment history, and making payments online**
- **Viewing and updating student details, including medical conditions and address**
- **Parents can view or update their child's details without having to contact the school**
